

The Associate of Arts (AA) degree provides the equivalent of the first two years of a Bachelor of Arts degree. Students who pursue this degree are generally intending to transfer to UNLV, UNR or another baccalaureate level institution. Immediate employment upon completion of the AA may be a secondary objective.

The following courses may be used to meet the distribution requirements noted on degree sheets. Specific degrees may have additional restrictions. No one course may be used to meet two or more of the distribution requirements. Only courses numbered 100 or above may be used to meet these requirements. Students should make sure that the courses they select will also meet the requirements of the institution to which they intend to transfer.

In no case may a student use a catalog which is more than six years old at the time of graduation. (For example, a May, 1996 graduate could not use degree requirements from a 1989-91 catalog.)
