Dear Admissions Committee,

This letter is in recommendation of Mike Distefano for admission into the MBA program. Over the past couple of years, I have had the opportunity to get to know Mike as a student. In my opinion, he possesses all the necessary characteristics to become a successful MBA student and valued alumni.

First, Mike was formerly an MBA student before deciding to pursue his JD degree. Now that he has received his JD he is interested in finishing his MBA. He takes his education seriously. In my class, I found him to be self-motivated, hard working, and conscientious when it came to his schoolwork. I am certain the same skills that he displayed in the JD program will serve him well in the MBA program. Mike will be a successful student in our competitive academic environment.

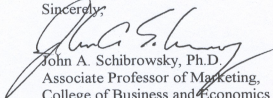

Second, Mike is a good communicator. He has broad experience representing himself and various corporations. He now works in an environment that requires good communication and people skills be utilized on a daily basis. He is a confident and articulate communicator and a good listener. He presents himself in a professional manner.

Third, Micheal is a leader. He has shown initiative, organizational skills, and the ability to take charge and complete tasks in school and in the business world. These qualities helped him to become a successful student, entertainer and businessman.

Fourth, Mike is a quality person. He is a mature individual, genuinely interested in the well being of others. He exemplifies the positive aspects of a UNLV based undergraduate and Law education.

I believe that Mike will become an excellent Law school student. It is without reservation that I recommend Mike Distefano for admission into our MBA program.

Sincerely,

John A. Schibrowsky, Ph.D.
