To whom it may concern:

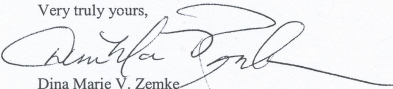

It is with great pleasure that I recommend Mike Distefano for admission to the Master of Business Administration program at UNLV.

Mike was one of my students in TCA 380 (Hospitality Marketing) last semester. It was a pleasure to have him in class. He was always well prepared for class and excelled in participation in class by actively discussing concepts and asking great questions. The class required several small group assignments and he showed great skill in working with highly diverse groups of students on the assignments.

Mike has had a long career in entertainment management and would be able to contribute to the M.B.A. program through his experience. He has a sincere interest in learning about and implementing concepts from class in the real world of business.

In closing, I whole-heartedly recommend Mike Distefano for the MBA program. I think he would be a highly successful learner and would, in turn, add valuable insight into business administration for the other students. Please contact me at (702) 370-7158 if you have any questions.

Very truly yours,
